

NAMAN MADHOGARIA

Full-Stack Software Engineer

+91 7908560907 | nmnmadho@gmail.com | [LinkedIn](#) | [Portfolio](#) | [GitHub](#)

PROFESSIONAL SUMMARY

Full-Stack Software Engineer with professional experience developing responsive web interfaces, reusable frontend components, REST APIs, and data-driven enterprise applications. Hands-on experience with React, Next.js, JavaScript, TypeScript, SharePoint Framework, C#, .NET 8, ASP.NET Core, SQL Server, Azure, and Power BI. Contributed across UI development, backend integration, database features, workflow automation, client requirements, Agile delivery, and production support.

TECHNICAL SKILLS

Frontend: React, Next.js, JavaScript, TypeScript, SharePoint Framework (SPFx), HTML, CSS, Responsive UI

Backend and APIs: C#, .NET 8, ASP.NET Core, REST APIs, Entity Framework Core

Databases and Data: SQL Server, SQL, Python, Pandas, Power BI, Open XML SDK

Cloud and DevOps: Microsoft Azure, Azure DevOps, CI/CD, Git

Microsoft 365 and Automation: SharePoint Online, Power Automate

PROFESSIONAL EXPERIENCE

Software Engineer | 366Pi Technologies | Ranchi, India | October 2025 - August 2026

- Developed full-stack enterprise applications by building frontend components, integrating REST APIs, implementing database features, and supporting production releases.
- Worked with React, Next.js, JavaScript, TypeScript, SPFx, C#, .NET 8, ASP.NET Core, SQL Server, Power Automate, Azure, and Azure DevOps across multiple client projects.
- Gathered requirements directly from clients, collaborated with frontend and backend teammates, and delivered enhancements within Agile sprints.
- Supported CI/CD deployments, debugging, issue resolution, and production support for enterprise solutions.

Product and Market Analyst Intern | MiliSu Infinity | Bengaluru, India | October 2024 - November 2024; March 2025 - June 2025

- Conducted primary market research and user-requirement analysis with occupational therapy centers in Bengaluru.
- Evaluated product requirements and identified cost-effective material alternatives while considering international quality standards.
- Collaborated with the product team on product development, customer research, and market analysis initiatives.

PROJECTS

Fennex | React, SPFx, .NET 8, ASP.NET Core, SQL Server, Power Automate

- Built reusable SharePoint Framework and React components for an enterprise safety management solution.
- Integrated frontend screens with backend APIs and SQL Server features; resolved production issues directly with clients.
- Collaborated with client stakeholders to clarify requirements, test enhancements, and support delivery of safety-management features.

Khelangan | Next.js, React, C#, .NET 8, Entity Framework Core, SQL Server

- Developed frontend features using Next.js and React for an athlete management platform.
- Built C#/.NET 8 REST APIs and Entity Framework Core models, integrated frontend and backend functionality, and collaborated with developers across the application stack.
- Worked across UI-to-database flows, including API integration, data access, validation, and application debugging.

KidCare | SPFx, React, ASP.NET Core, SQL Server

- Built SharePoint Framework and React components for a business management solution.
- Developed and integrated ASP.NET Core APIs and delivered SQL Server enhancements for application features.
- Supported end-to-end feature delivery by coordinating frontend components, API behavior, and database changes.

FloCard | React, ASP.NET Core, SQL Server

- Contributed to frontend and backend feature development, application enhancements, debugging, and production support.
- Worked with ASP.NET Core services and SQL Server changes while supporting application maintenance.
- Participated in troubleshooting and release support to keep application features reliable for users.

EDUCATION

Bachelor of Engineering in Mechanical Engineering | RV College of Engineering, Bengaluru | 2021 - 2025

Class XII | Sree Ayyappa Public School, Bokaro | 2021 | 89%

Class X | Loyola School, Taldanga | 2019 | 89%

CERTIFICATIONS

Data Structures and Algorithms - Internshala

Design, Technology and Innovation - NPTEL
